Once upon a time Tom was walking in the wheat grass. He was hunting for food for his family. Then he saw hunters heading for his family's den.

He didn't know what to do. Then he thought. And he knew what to do. Then he started crowing. The hunters saw the turkey. Then they aimed their guns at him. He started running. Then they chased him. The turkey hid in the bushes. The hunters ran past him. Then he ran

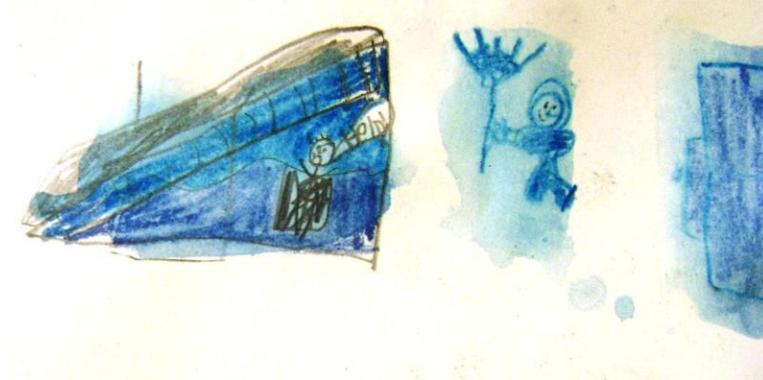

to his den. They were all right. Then the hunters ran back. The turkey made traps just in time. Then the net came on them. The hunters never had Thanksgiving.

In the snow

By Cameron

When I was 4 at my grandma's house. In 2005. My mom, g mom, summer, poppa and Leon.

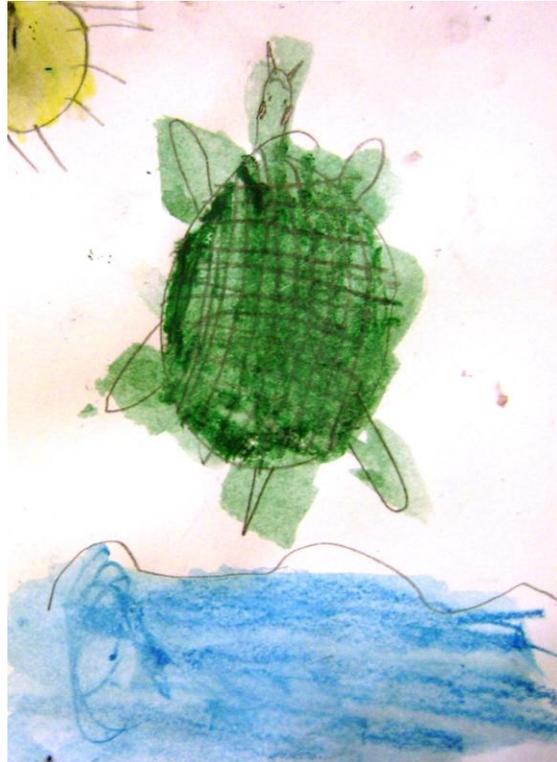

I was out in the snow. And it was 7 feet. And I fell in. And it piled on me. It was kind of fun. I could barely breathe. And my dad could barely see me. He got a shovel. I grabbed on to it. And then we all ate Christmas dinner. And we went to bed.

Then we woke up. And everybody was still asleep. A few minutes later everybody woke up and then we all opened presents. Then we built a snowman. And then we had a snowball fight. Then I had to shovel the driveway. Then we had

dinner. Then we went to bed.

When we woke up I built a snow fort. Then we got hot coco. Then we made pumpkin pie.

A turtle is a reptile that eats bugs and fruit. A turtle has a shell that is sturdy. And some are very poisonous. That's what a turtle is!!

When I was 8 I lived in Idaho. And I was riding my bike.

We heard a noise. We saw something move in the bushes. We rode the other way.

And we saw a dark shadow. The end.

It is going good so far. My favorite subject is math. I am making lots of friends.
